EDUCATION

Thadomal Shahani Engineering College

B.E. - Artificial Intelligence and Data Science - **CGPA - 9.27**

2022 – 2026

Bandra, Mumbai

Pace Jr. Science College

HSC - Computer Science - **MHT-CET - 94.95 percentile**

2020 – 2022

Borivali, Mumbai

Experience

Full Stack Developer Intern at Cinute Infomedia

December 2025 - March 2026

Built a full-stack job portal using **Next.js** (React, Tailwind CSS), **PostgreSQL**, and **NextAuth.js v5** with role-based auth, **Google OAuth**, and responsive dashboards for seekers and employers. Developed **server actions** for job posting, application tracking, multi-step onboarding, and password recovery across a **14+ table** relational database.

Frontend Developer Intern at Testriq QA Lab LLP

July 2025 - September 2025

Built a responsive and performant web UIs using **Next.js**, **TypeScript**, and **Tailwind CSS**. Enhanced website performance to **92%** by leveraging **Next.js** features such as static site generation, dynamic routing, and image optimization.

PROJECTS

MyBlogSpace [🔗](#) | React.js, Node.js, Express.js, MySQL

May 2025

- Built a full-stack blog application using React, Node.js, and MySQL with **JWT**-based authentication and **file upload** support.
- Implemented **dynamic routing**, protected routes, and MySQL **JOIN queries** to display user-authored posts with **category filtering**.

CULTURAL AI [🔗](#) | React JS, Tailwind CSS, Node.js, Express.js, Google AI Studio

January 2025

- A Hackathon project where I worked in a team to build an AI-driven platform for **artifact recognition and cultural preservation**.
- Developed the **Climate Impact Analysis** page to forecast environmental effects on historical sites using **Gemini AI**.

TECHNICAL SKILLS

Languages: Java, Python, MySQL

Developer Tools: VS Code, GitHub, IntelliJ IDEA

Technologies/Frameworks: HTML, CSS, ReactJs, NodeJs, ExpressJs, MongoDB, Firebase

Coursework: Data Structures & Algorithms, Operating Systems, Database Management System (DBMS), Computer Networks, OOPS Concept, Machine Learning

EXTRACURRICULAR

Google Developers Group (GDG) TSEC

August 2024 – May 2025

Design Lead

Thadomal Shahani Engineering College, Mumbai

- Led design and branding for campus Google events while organizing workshops and hackathons.

CERTIFICATIONS / ACHIEVEMENTS

- Data Structures and Algorithms in **Java** - Apna College
- **3x Hackathon Winner** : Hacksync'26, Technocrats'26, JamRang'25
- Achieved perfect **10 pointer** in Semester VII.
- Solved **200+ problems** on LeetCode and other Coding Platforms.
